

# Repurposed/Recycled Rolling Stock

Fred Soward - tech\_trainer@rocketmail.com; <http://tinyurl.com/FredSowardClinics>

## “Defined”

- Old
- Damaged
- Not the correct era
- “Gifted” rolling stock
- It’s just not appropriate on the layout

## “Inspiration”

- Prototype
- Other modelers
  - Rich Mahaney - NCR 2017 Convention Keynote – Repurposed Cabooses
  - Rich Mahaney - NMRA 2018 Clinic Video, What to Do With 'Old Era' Railroad Equipment
- Think outside the box – what “might” it be used for?
- What details make it more prototypical/realistic on your layout?

## “Categories”

- Advertising
- Bridges
- Lodging
- "Other/Miscellaneous"
- Moving & Museum
- Storage (storage/sheds/cattle shelters/etc)
- Wrecked & Scrapping

## “The Challenge” @ Division 8

- NMRA HO scale boxcar <<free>>, but without undercarriage, trucks, or couplers <<PROVIDED>>
- 1'x1' <almost> Masonite <thank you Sears and Barbara> <<PROVIDED>>
- Build a diorama/display
- Use additional materials you want to use
- Try to be “unique” w/concept & detail
- Display at the Fall 2019 Division 8 Train Show & Sale <<Or maybe earlier, too. . .>>
